*La struttura del tavolo è sempre dotata di sotto-piano strutturale rastremato verso i bordi superiori del piano scelto, sia esso in finitura Marmo, Gres e Legno. In base al piano scelto l'altezza del tavolo varia, maggiori specifiche a pag.112

*The table structure is always equipped with a structural sub-top that tapers towards the edges of the chosen top, whether it is in Marble, Porcelain Stoneware, or Wood finish. Depending on the selected top, the table height varies; more details can be found on page 112.

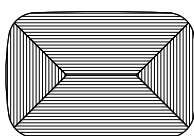

INFORMAZIONI TECNICHE | TECHNICAL INFORMATION

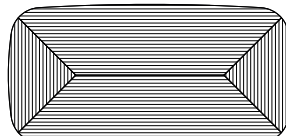

PIANO IN LEGNO SP. 30 | WOOD TOP TH. 30

Il piano in legno di questo tavolo ha uno spessore di 30 mm, portando l'altezza totale del tavolo a 705 mm da terra. Per il piano è stato progettato un disegno specifico per valorizzare la venatura del legno.

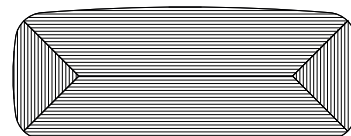

The wooden tabletop of this table has a thickness of 30 mm, bringing the total height of the table to 705 mm from the ground. A specific design has been created for the tabletop to enhance the wood grain.

PIANO IN GRES SP. 36 | MARBLE TOP TH. 36

Il tavolo presenta un piano in gres con uno spessore totale di 36 mm. Questo spessore è ottenuto mediante la combinazione di un sottopiano in MDF laccato da 30 mm e un piano in gres da 6 mm sovrapposto. L'altezza totale del tavolo, misurata da terra fino alla superficie del piano, è di 756 mm.

The table features a gres top with a total thickness of 36 mm. This thickness is achieved by combining a 30 mm lacquered MDF underlay with a 6 mm gres top layer. The total height of the table, measured from the ground to the surface of the top, is 756 mm.

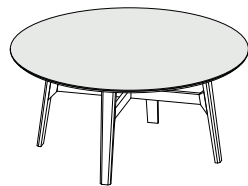

PIANO IN MARMO SP. 50 | MARBLE TOP TH. 50

Il piano di marmo presenta uno spessore totale di 50 mm. Questo spessore è ottenuto mediante la combinazione di un sottopiano in MDF laccato di 30 mm e un piano in marmo sovrapposto di 20 mm. L'altezza complessiva del tavolo, dalla base al piano superiore, è di 770 mm.

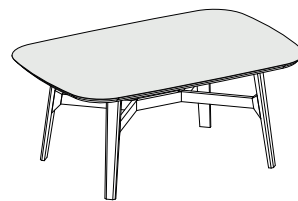

The marble top has a total thickness of 50 mm. This thickness is achieved by combining a 30 mm lacquered MDF sub-top with a 20 mm marble top layer. The overall height of the table, from the base to the top surface, is 770 mm.
